

Working together to solve your apprentice recruitment needs.

Are you in the process of tendering or have won a new Government or Council contract?

Let Master Builders be your foundation to building a strong team. We are dedicated to mitigating any system, process, or activity impacts on our people and the industry. We're here to help your construction business meet obligations required by Government and Council contracts. Our expert recruitment team specialises in apprenticeships and traineeships, providing your business with the support it needs. With our diverse range of apprentices and trainees, fulfilling your contractual obligations becomes effortless. We offer a low-risk solution, allowing you to focus on running your business.

Safety is our number 1 priority

Master Builders prioritises safety education for apprentices and trainees, before initiating work on-site. They are trained and equipped with a White Card, Work Safely at Heights, Manual Handling, and Safe Use of Power Tools.

As part of the process in becoming an approved Master Builders Host Employer, you must be compliant in safe work practices and satisfy the Master Builders minimum safety standard. This includes providing current Work Health and Safety documentation for your business.

Supervision is critical to the success and safety of an Apprentice or Trainee as they are inexperienced and new to the workplace. As an approved Master Builders Host Employer, you will be provided with supervision guidelines that you must follow.

Master Builders Highlights

5%

of our apprentices are Aboriginal and Torres Strait Islander.

We build strong community relationships.

Need a hand to build your business?

You've come to the right place.

Master Builders Association
New South Wales

Build your team with Master Builders Apprenticeship Services.

Your partner in helping you find a quality apprentice or trainee.

Recognise the potential of apprentices and trainees with their eagerness to learn and their added value as an extra pair of hands. With Master Builders we can take the hard work out of building your team with our expertise to optimise your workforce.

Our industry expert recruitment team is tasked with finding and screening your next apprentice or trainee to match your business needs. Master Builders offers flexible options for apprenticeship and traineeship recruitment to align with your unique business requirements.

Imagine having enthusiastic, job-ready candidates without the stress of recruitment and direct employment. With terms starting from just 4 weeks, Master Builders Apprenticeship Services (MBAS) is a cost-effective package for your business.

If you don't need the full service, Master Builders Recruitment Service (MBRS) is your industry expert channel to find your next apprentice or trainee. You can choose to manage the employment contract directly with this recruitment-only option.

And best of all, with the support of Master Builders, apprentices and trainees are more likely to complete their training. Step into a world of streamlined recruitment with us.

“

The amount of administration work that Master Builders takes off our hands frees up a lot of time, so we can be onsite a lot more. The fact we simply get an invoice every week from Master Builders is amazing. We do not have to worry about processing sick pay, holiday leave, superannuation entitlements, or workers' compensation. Master Builders does it all for us. This makes it a lot easier for us to focus on the apprentices to teach them on-the-job skills and grow into quality tradespeople.

Michael Wright, Co-Director
Wright Construction Sydney
